We think that there is right time for learning God's Word... that time is NOW! We believe that we can measure our time with greater meaning if we will **Take Time for God's Word** © 2008. This is a Bible Study and Memorization process which allows you to focus on a verse as if it were time on a clock. Next, remember the book of the Bible where it is located. Finally, remember the verse itself. With a little practice and repetition, this will become a new habit... new and right thinking. It will be a habit of thinking often of God as He is always thinking about you.
